Retest

Test Examiner’s Manual

Reading: Grades 3, 5, and 8
Mathematics: Grades 5 and 8
Secure Test Materials—Do Not Copy

All test booklets and supporting materials associated with the Criterion-Referenced Competency Tests (CRCTs) are confidential and secure. No part of any test booklet may be reproduced or transmitted in any form or by any means, including but not limited to electronic, mechanical, manual, or verbal (e.g., photocopying, recording, paraphrasing—rewording or creating mirror items for instruction—and/or copying). CRCT materials must remain secure at all times and (excluding the School and System Test Coordinator’s Manual and the Test Examiner’s Manual for grades 3 through 8) cannot be viewed by any individual or entity prior to or after testing. To do so is a direct violation of testing policies and procedures established by Georgia law (§20-2-281) and the State Board of Education (Rule 160-3-1-.07(2)(i)3) in addition to copyright laws and Georgia professional ethics for educators. CRCT materials may not be provided to any persons except those conducting the test administration and those being tested. All test booklets (used and unused) and all supporting materials must be accounted for and returned at the completion of the test administration and in the manner prescribed in the School and System Test Coordinator’s Manual.

INTRODUCTION

Georgia’s Criterion-Referenced Competency Tests (CRCTs) are designed to measure student acquisition of the knowledge and skills set forth in the Georgia Performance Standards (GPS). Legislated by Georgia lawmakers, the Reading and Mathematics CRCT Retests were developed to yield information at the student, class, school, system, and state levels. The primary purpose of the CRCTs is to provide a valid measure of the quality of educational services provided throughout the state.

The Georgia CRCT Retests are comprehensive tests made up of multiple-choice items that map to the GPS. The Student Test Booklet for grade 3 contains the Reading Retest, while the Student Test Booklets for grades 5 and 8 contain both the Reading and Mathematics Retests. Each content area test is made up of two sections; each section is timed for up to 70 minutes.

Students will work through the CRCT Retests independently, using no resource materials during testing. Students may write in their test booklets, but only answers marked on Student Answer Sheets will be scored. Students should use only No. 2 pencils when taking the CRCT Retests; highlighters may not be used to mark words or passages in the Student Test Booklet. Calculators are not allowed during any part of the Mathematics test. Scratch paper, provided by the Test Examiner, can be used during the Mathematics test only.

PURPOSE OF THIS MANUAL

This Retest Test Examiner’s Manual provides procedural information as well as detailed instructions for administering the CRCT Retests. It is imperative that the CRCT Retests be administered according to the directions in this manual. If you have any questions, contact your School or System Test Coordinator.

Uniform test administration is needed to ensure high-quality assessment data. To ensure this uniformity, the Test Examiner’s responsibilities are clearly outlined and detailed in this manual. Step-by-step instructions for administering the test are designed to protect its integrity and security and must be followed exactly. It is recommended that Test Examiners read this manual and become thoroughly familiar with all CRCT Retest administration procedures before administering the tests.

TEST MATERIALS

In addition to this manual, Test Examiners will receive all test materials from the School Test Coordinator. The Student Test Booklets are presorted into class packs of 5 and must remain in their shrink-wrapped packs until they are distributed to Test Examiners. The Student Answer Sheets are also presorted and shrink-wrapped into class packs of 5. The Student Answer Sheets are machine-scannable; therefore, it is important that all pages remain free of stray pencil marks or loose eraser bits and that they not be folded, clipped, stapled, banded, taped, or torn. Each student will use one Student Answer Sheet to record his or her answers.
Introduction

Each test consists of multiple-choice questions. Sample items are provided to acquaint students with the correct procedures for recording answers.

**NOTE:** Materials are shipped to arrive a few days before your school’s scheduled Retest period. Contact your School or System Test Coordinator for your scheduled Retest testing period.

**TEST SECURITY**

The CRCT Retests are secure tests. Maintaining the security of all test materials is crucial to obtaining valid and reliable test results. Therefore, test materials must be kept in locked storage, except during actual test administration. Access to secure materials must be restricted to authorized individuals only (e.g., Test Examiners and the School Test Coordinator). It is the direct responsibility of all individuals who administer the test to follow security procedures.

*Student Test Booklets* and the items therein are to be used solely for test purposes and may not be disclosed or used for any other purpose. *Student Test Booklets* must remain in their shrink-wrapped packages until they are distributed to Test Examiners. Shrink-wrapped packages may be broken only for partial-count needs or for distribution to examinees. *Student Test Booklets* from opened shrink-wrapped packages must remain individually sealed until test administration begins.

**The CRCT Retests must be administered by a certified educator.** During test sessions, Test Examiners are directly responsible for the security of the tests and must account for all test materials at all times. When the materials are not in use, they must be kept in locked storage. At the conclusion of each day’s test session, Test Examiners must return all used and unused test materials to the School Test Coordinator.

Students are instructed to write their names on the cover of their *Student Test Booklets* on the first day of testing (and on their scratch paper for the Mathematics test) to help account for materials at the end of each test session. *Students may underline and circle key words or work problems in their test booklets (using a No. 2 pencil), but only answers marked on Student Answer Sheets will be scored.*

Testing conditions, especially the supervision and seating arrangements of students, should be designed to minimize the potential for cheating. The Test Examiner must supervise the test administration at all times. **All instances of test security breaches and testing irregularities must be reported to the School Test Coordinator immediately.** If questions arise, or if any situations occur that could cause any part of the test administration to be compromised, please have your System Test Coordinator contact Assessment and Accountability as soon as possible at (800) 634-4106 or (404) 656-2668.
PREPARING FOR THE CRCT RETESTS

This Retest Test Examiner’s Manual will be used to administer the CRCT Retests in Reading (grades 3, 5, and 8) and Mathematics (grades 5 and 8). Each content area test consists of multiple-choice items. All content area tests are included in the Student Test Booklet. Each student will use one Student Answer Sheet to record his or her answers.

One proctor for each test session is recommended. When more than 30 students are to be tested in one location, the assistance of a proctor is required. Proctors may help Test Examiners with room preparation and monitoring and assist students with the completion of student demographic information on the Student Answer Sheets.

Before administering the CRCT Retests, make sure that you have the following materials:

- A copy of this Retest Test Examiner’s Manual
- One Student Test Booklet for each student
- One Student Answer Sheet for each student
- Two No. 2 pencils with functional erasers for each student
- Blank scratch paper for the Mathematics test (at least two sheets for each student)
- A timing device, such as a clock or watch, to keep track of time during testing
- A “Testing—Do Not Disturb” sign to post on the classroom door

NOTE: The Test Examiner should also have a list of the student identification numbers for all students in the class or group, in case questions arise while filling in the student information on the Student Answer Sheets.

Arrange test materials so that they can be distributed in an organized and efficient manner. Become familiar with the sections on the Student Answer Sheet. You will want to have some of this information written on the board prior to the beginning of test administration.

Before beginning the test, make sure that each student has the following:

- One Student Test Booklet
- One Student Answer Sheet
- Two No. 2 pencils with functional erasers
- At least two sheets of blank scratch paper for the Mathematics test

Each student’s workspace should be large enough to accommodate an open Student Test Booklet and a Student Answer Sheet. Workspaces should be cleared of all other materials. During testing, students should be separated by a reasonable distance to encourage independent work and to prevent collaboration. Posters, charts, and other instructional materials related to the content being tested should not be displayed in the classroom or otherwise made available to students during test administration. Take down or cover all such material.
Scheduling the CRCT Retests

You may want to plan an activity for students who finish early. Students may read a book or do other work if they finish early, but this activity must be unrelated to the content being tested. Students who finish early should not be permitted to open their Student Test Booklets again.

Scheduling the CRCT Retests

The Reading and Mathematics CRCT Retests will be administered to students within the state Retest testing window of May 16 through July 29, 2011. Systems will choose either one or two five-day periods within this testing window to administer all Retests and makeup tests. Makeup tests are 100 percent mandatory, except for those students who are absent during all Retest days or who have transferred into the system after the state Retest testing window.

All students should be tested in surroundings that will provide them with the opportunity to do their best work on the test. In schools where students in several classes are being tested, each classroom of students must take the same test at the same time.

The CRCT Retests must be administered in the order prescribed: Reading, then Mathematics. Each section of each test must be administered in one block of time. Approximately halfway through the administration of each content area test (between Sections 1 and 2), students should be given a 10-minute break. Both sections of a content area test must be administered on the same day. Under no circumstances may a content area test be split across multiple days—to do so is a direct violation of test security.

The time allotted for administration of the CRCT Retests (indicated in the following table) should be sufficient for students to complete each test section. All students should be given at least 45 minutes to complete each test section. If all students finish the section before 70 minutes have passed, the Test Examiner may end the session early. However, if there are students who are still productively engaged in completing the section, testing should continue for the full 70 minutes. Unless specified in an IEP, IAP, or ELL/TPC Plan, students should have a minimum of 45 minutes and a maximum of 70 minutes to complete each section.
Scheduling the CRCT Retests

Administering the CRCT Retests

This *Retest Test Examiner’s Manual* should be used to administer the Reading and Mathematics CRCT Retests. Before you administer the CRCT Retests, make sure you have extra No. 2 pencils available and that students’ desks are cleared of all other materials.

Each student who takes both the Reading and Mathematics Retests should use the same *Student Test Booklet* and *Student Answer Sheet* on each day of testing.

Some students may not be familiar with how to fill in answers. To familiarize students with the correct procedure, sample items are provided at the beginning of each content area test. During each test session, circulate around the room and check to see that students are recording their answers in the correct section of their *Student Answer Sheets*. This process will be referred to on subsequent pages as “circulate and check.”

Students may underline and circle key words or work problems in their test booklets (using a No. 2 pencil), but only answers marked on *Student Answer Sheets* will be scored.

Follow the script provided in this manual for administering the Reading and Mathematics CRCT Retests. You may repeat any part of these directions as many times as needed, but you should not modify the words used. Use your professional judgment in responding.
to student questions that arise during the testing session. You may clarify directions; however, under no circumstances should you reword test items, suggest answers, or evaluate student work during the test session. Read word for word all text that is boxed and printed in **bold type** and preceded by the word **Say**. Text that appears in regular type or **italics** should not be read aloud to the students.

For the Mathematics test, students should be given at least two sheets of blank scratch paper. Students must print their names in the upper right-hand corner of each sheet of scratch paper they receive. Students may ask for more scratch paper during the test administration, if necessary. All scratch paper must be accounted for and returned to the School Test Coordinator with the other test materials. **Unless specified by a student’s IEP, calculators are not allowed on the Mathematics test.**

If testing is interrupted at any time during the test session (by a fire emergency or a student becoming ill, for example), note the time the interruption begins so that you can calculate the amount of reserved time the students will need to complete the test session. If students must leave the room during testing, be sure to lock the door to ensure the security of the test materials. If you have any questions about an individual situation, please contact your School or System Test Coordinator.

**ADMINISTERING THE BRAILLE VERSION OF THE CRCT RETESTS**

The directions in this manual also apply to the administration of the Braille version of the CRCT Retests. Additional Braille instructions are as follows:

- Disregard references to class packs. Braille test books will be individually packaged.
- References to specific page numbers in the standard Retest **Student Test Booklet** may be incorrect for the Braille version. To supply the correct page numbers and other references, Test Examiners should review—prior to testing—all test materials that accompany the Braille test book, including the supplemental instructions and the standard Retest **Student Test Booklet**.
- The Test Examiner must complete the student demographic information for each student on a **Student Answer Sheet**. The Test Examiner must also print the student’s name, teacher, school, and system on the front cover of the Braille test book.
- Indicate on the **Student Answer Sheet** that the student was administered the Braille version by filling in the circle next to “Braille” in Section 13.
- Because extra time may be needed for administering the Braille version, it is recommended that students be tested individually or in a small-group setting.
- Test Examiners who administer the Braille version will use the standard Retest **Student Test Booklet** throughout testing.
Administering the CRCT Retests

- The Test Examiner or proctor must fill in student responses on the Student Answer Sheet exactly as the student dictates. Under no circumstances should a student’s answer be altered or edited—**to do so is a direct violation of test security.**

- Keep the transcribed Student Answer Sheet with the other used Student Answer Sheets from the student’s class. The School Test Coordinator should return the Braille test books with the nonscorable shipment.

Administering the Large-Print Version of the CRCT Retests

The directions in this manual also apply to the administration of the Large-Print version of the CRCT Retests. Additional Large-Print instructions are as follows:

- Disregard references to class packs. The Large-Print test books will be individually packaged.

- The Test Examiner must complete the student demographic information for each student on a Student Answer Sheet. The Test Examiner must also print the student’s name, teacher, school, and system on the front cover of the Large-Print test book.

- Indicate on the Student Answer Sheet that the student was administered the Large-Print version by filling in the circle next to “Large-Print” in Section 13.

- Because extra time may be needed for administering the Large-Print version, it is recommended that students be tested individually or in a small-group setting.

- Students who use a Large-Print version should record their answers directly in the Large-Print test book by circling the letters for their selected answers, writing their responses, or using a similar marking system. The Test Examiner or proctor must then transcribe student responses onto the Student Answer Sheet exactly as they appear in the Large-Print test book. Under no circumstances should a student’s answer be altered or edited—**to do so is a direct violation of test security.**

- Keep the transcribed Student Answer Sheet with the other used Student Answer Sheets from the student’s class. The School Test Coordinator should return the Large-Print test books with the nonscorable shipment.

Administering the CRCT Retests to Students With a Read-Aloud Accommodation

Test items may only be read aloud to students if this accommodation is clearly specified in their IEP, IAP, or ELL/TPC Plan. Follow the guidelines below to administer tests to students with a read-aloud accommodation.

General Guidelines

- Read all test items exactly as they are printed in the Student Test Booklet. **Test items may not be explained, translated, or interpreted.** The read-aloud
accommodation is not a substitute for the student interacting with the text; rather, it is simply a means of facilitating the student’s access to the test. Therefore, the student should read along as the test items are being read.

- While oral reading of test items is a standard accommodation, oral reading of reading passages is a conditional accommodation and must be restricted to students who meet the specific guidelines outlined in the 2010–2011 Student Assessment Handbook.

- All text must be read word for word exactly as written. The Test Examiner may not provide any assistance to the student regarding the meaning of words, the intent of test items, or the student’s responses to test items. The Test Examiner may not rearrange the order of text in any way (e.g., reading the questions or answer choices before reading the passage). The student must be instructed to follow along in his or her test booklet as the Test Examiner reads the text aloud.

- For students with a read-aloud accommodation, it is permissible to read text in tables, charts, and graphs. However, it is not permissible to describe or interpret information contained in the table, chart, or graph in any way.

- Each test item may be read twice during a standard read-aloud accommodation. Test items may also be read twice during a conditional read-aloud accommodation, but reading passages may only be read once.

- Caution must be taken to minimize the impact of inflection, word emphasis, or reading style. Voice inflection can clue students in to the correct response or make answer choices more confusing. Read all test items at a normal pace and in a normal tone of voice. If necessary, take time before administration to practice reading appropriately.

**Specific Guidelines for the Reading CRCT**

- For students with a standard read-aloud accommodation, read the test items only; do not read the reading passages or describe any pictures that accompany the passages. Test items may be read twice.

- For students with a conditional read-aloud accommodation, read the reading passage first, then read each of the test items. Test items may be read twice, but the reading passage may only be read once.

- For items that ask a question about a specific sentence or sentences, read the question first, then the sentence or sentences (presented inside a box), and then the four answer choices.

**Specific Guidelines for the Mathematics CRCT**

- For students with a read-aloud accommodation, it is permissible to read text in tables, charts, and graphs. If necessary, orient the students to the table, chart, or graph before reading content. However, it is not permissible to describe or interpret information contained in the table, chart, or graph in any way.
- Use the table below for examples of reading mathematical symbols, numbers, formulas and abbreviations.

Refer to the 2010–2011 Student Assessment Handbook for additional information on standard and conditional read-aloud accommodations and testing students with IEP, IAP, or ELL/TPC Plans.
COMPLETING STUDENT DEMOGRAPHIC INFORMATION

Follow these directions to complete the student demographic information on the Student Answer Sheets. **Students should fill in this information on the first day of testing.**

1. Write your name, the name of the school, and the name of the system on the board.

2. **Say**

During the next few days, you will be taking tests in Reading and/or Mathematics. Some of the questions may be easy, and some may be difficult. You are expected to answer each question as well as you can. You must fill in your answers on the Student Answer Sheet with a No. 2 pencil. If you do not have a sharpened No. 2 pencil, please raise your hand. [Supply sharpened No. 2 pencils to students who need them.]

I am now going to give you your answer sheet. Please do not open or write on your answer sheet until I instruct you to do so.

3. Distribute the appropriate grade-level Student Answer Sheet to each student. Monitor students to make sure they do not open or write on their Student Answer Sheets.

4. **Say**

Look at the front cover of your answer sheet. Look at Section 1. Using your No. 2 pencil, print your name, teacher name, and the school and system names in the spaces provided. The information that you need to complete this section is written on the board. [Circulate and check.]

Look at Section 2, “LAST NAME” and “FIRST NAME.” In the boxes below “LAST NAME,” print the letters of your last name, starting in the first box on the left. Do not leave any spaces between the letters in your last name. If your last name does not fit, write as many letters as you can. [Pause to allow students time to write their last names.]

In the boxes below “FIRST NAME,” print the letters of your first name. This should be your full first name, not a nickname. Do not leave any spaces between the letters in your first name. If your first name does not fit, write as many letters as you can. [Pause to allow students time to write their first names.]

In the box below “M,” print the initial letter of your middle name, if you have a middle name. [Pause to allow students time to write the initial letter of their middle names.]

Now finish Section 2 by completely filling in the corresponding circles under the letters that you have printed. For example, if you wrote “r,” you should fill in the circle containing “R.” [Circulate and check.]
Completing Student Demographic Information

5. Say

Look at Section 3, “DATE OF BIRTH.” Fill in the circle beside the month in which you were born. Then, print the day and the last two numbers of the year in which you were born in the appropriate boxes. Fill in the circles under the appropriate day and year. Days under 10 should begin with a zero. For example, if your birthday is on the fifth day of the month, you should print and fill in “zero five.” [Circulate and check.]

Look at Section 4, “GENDER.” Fill in the circle next to “Female” if you are a female or the circle next to “Male” if you are a male. [Circulate and check.]

Look at Section 5, “ETHNICITY.” Fill in the circle next to the ethnic group that best describes you. You should fill in only one circle in Section 5. [Circulate and check.]

Look at Section 6, “RACE.” Fill in the circle next to all racial categories that apply to you: American Indian or Alaskan Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. You may fill in more than one circle in Section 6. If you have any questions about which circles you should fill in, please raise your hand. [Circulate and check.]

Look at Section 7, “GTID.” Print your ten-digit GTID number starting in the first box on the left. Fill in the corresponding circles under the numbers you have printed. If you do not know your GTID number, please raise your hand. [Circulate and check, providing GTID numbers to students who have their hands raised.]

Look at Section 8, “FTE STUDENT ID.” Print your nine-digit Student ID number starting in the first box on the left. Fill in the corresponding circles under the numbers you have printed. If you do not know your Student ID number, please raise your hand. [Circulate and check, providing Student ID numbers to students who have their hands raised.]

[There is only one form of the Retest for each grade tested, so Section 9 does not need to be filled in on the Retest answer sheets.]

Leave Sections 10 through 17 blank. I will complete these sections for you. [Complete these sections after testing in all content areas has been completed. Directions for completing these sections begin on page 24 of this manual.]

Are there any questions before we continue?
Completing Student Demographic Information

6. Answer all questions. Walk around the room to see if students have completed the identifying information correctly. When students are ready, go on to #7.

7. **Say**

I will now hand out the Student Test Booklets. Do not open your test booklet until you are instructed to do so.

[Distribute the test booklets to students.]

**NOTE for Sections 7 and 8:** A GTID is a Georgia Testing Identifier that is used to track and maintain a student’s data within the Georgia Department of Education’s data warehouse and the local Student Information System. All PK–12 students who attend a public school in Georgia must have a GTID. The GTID is the key identifier used in all state data collections.

For the FTE Student ID (Section 8), it is imperative that students use the same student ID number here that the school or system uses to report FTE-type information to the state. Locally assigned student ID numbers should **not** be used if they do not correspond with state-reported information.
ADMINISTERING THE READING CRCT RETEST

Reading—Section 1

Administration time: 45–70 minutes (plus 10 minutes for the break)

Materials needed:

- Student Test Booklets and Student Answer Sheets

NOTE: Follow the directions on pages 10–12 to complete the student demographic information on the Student Answer Sheets prior to the start of the Reading test.

- Sharpened No. 2 pencils with erasers

1. Make sure that all desks are cleared and that each student has his or her own test book and answer sheet.

2. **Say**

   Now look at the test booklet. Print your name on the line provided on the front cover of your test booklet. Do not open your test booklet until you are instructed to do so. [Pause.]

   When you have finished printing your name on the front cover, set your test booklet to the side. [Wait until all students have completed this task.]

   I will now read some opening instructions to you.

   The Reading Criterion-Referenced Competency Test will be administered in two sections. Both sections of the test are made up of multiple-choice questions. When answering the multiple-choice questions, select the best answer and fill in the circle for the answer you have chosen. Do your best to answer each question.

   Now break the seal on your test booklet and open your test booklet to “Reading” on page 4. [Pause.] Read the General Instructions silently as I read them aloud.

   Today you will be taking the Reading Criterion-Referenced Competency Test. The Reading test is made up of multiple-choice questions. A sample has been included. The sample will show you how to mark your answers.

3. **Say**

   There are several important things to remember.

   - Read each passage carefully.
   - Read each question carefully and think about the answer. You may look back to the reading passage as often as necessary.
Say

- Answer all questions on your answer sheet, not in your test booklet. You may write in your test booklet, but only answers marked on your answer sheet will be scored.
- For each question, choose the one best answer, and fill in the circle in the space provided on your answer sheet.
- If you do not know the answer to a question, fill in your best choice. You may return to the question later if you have time.
- If you finish the section of the test that you are working on early, you may review your answers in that section only. You may not review any other section or go on to the next section of the test.

Are there any questions? [Answer any questions the students may have.]

Pick up your answer sheet and find Section 1 for the Reading test. This is where you will fill in your responses to the questions. [Pause.] Look at the sample question on the next page of your test booklet and follow along as we review the sample question.

The sample test question below is provided to show you what the questions in the test are like and how to mark your answer to each question. For each question, choose the one best answer, and fill in the circle in the space provided on your answer sheet for the answer you have chosen. Be sure to mark all of your answers to the questions on your answer sheet.

Read the sample passage and complete the sample test question now.

4. Have students read the sample passage and answer the sample question independently. Be sure they fill in the answer to the sample question in the appropriate place on their answer sheet. Ask students if they have any questions about the sample question, and answer any procedural questions.

Pigs

When you think of pigs, you may think they are dirty. Pigs like to lie in the mud. But pigs are very clean animals. They stay in the mud only when it is hot. The mud keeps them cool.

Some people say that pigs are lazy. But pigs can run quickly on their little feet.

We use pigs for many things. They give us food. Their hair is used in brushes.

Sample

Why do people think pigs are dirty animals?
A. because they live on farms
B. because they lie in the mud
C. because they play in the rain
D. because they are lazy animals

Sample Passage and Question for Grades 3 and 5
## Delivering the Mail

Many people think that the pony express was the earliest mail delivery service, but stagecoaches carried the mail first. The pony express carried only light mail (short messages and letters). This delivery system lasted only two years because telegraph lines were built and short messages no longer had to be carried as mail. However, stagecoaches continued to carry heavier mail because they still had passengers to keep their business alive. Later, railroads were built and trains took over the job of carrying the mail. Even mail delivery by railroad was replaced in part by the airplane.

### Sample Passage and Question for Grade 8

<table>
<thead>
<tr>
<th>Sample</th>
<th>Which of the following carried the mail FIRST?</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>A. stagecoaches</td>
</tr>
<tr>

**5.** Say You will have 70 minutes to answer the questions in Section 1 of the Reading test. Read each question carefully and fill in your answer in the space provided on your answer sheet. Stop when you reach the stop sign after question 25 in your Student Test Booklet. This will match the line with the word “STOP” beside it on your Student Answer Sheet. If you finish this section before time is called, you may go back and check your work in this section only. You may not review any other section or look ahead to Section 2. Do you have any questions about what to do or where to fill in your answers? [Answer any procedural questions the students may have.]

Now turn the page to Reading, Section 1. You may begin.

**6.** Walk around the room from time to time to make sure students are filling in their answers appropriately. All students should be given at least 45 minutes to complete Section 1. If all students finish before 70 minutes have passed, go on to #7. However, if any students are still productively engaged in completing Section 1, allow them the full 70 minutes before continuing with #7.

**7.** Say Please stop working.

Insert your answer sheet into your test booklet and close your test booklet. You may now take a break. You may stand and stretch for 10 minutes. Your test booklet should remain closed on your desk. Please do not talk.

**8.** At this time, allow students to stand and stretch for 10 minutes. Make sure their answer sheets are inserted into their test booklets and their test booklets are closed. After no more than 10 minutes, continue with #9.

**9.** Say Please sit down again.

Keep your test booklet closed, and wait quietly as we get ready to move on to the next section.
Reading—Section 2

Administration time: 45–70 minutes

1. **Say**

Now you will take Section 2 of the Reading Criterion-Referenced Competency Test. You will have 70 minutes to answer the questions in Section 2. Stop when you reach the stop sign after question 50 in your Student Test Booklet. This will match the line with the word “STOP” beside it on your Student Answer Sheet. If you finish this section before time is called, you may go back and check your work in this section only. You may not review any other section or look back to Section 1. When you are finished, insert your answer sheet into your test booklet, close your test booklet, and sit quietly or read a book.

Now take out your answer sheet and find Section 2 for the Reading test. Open your test booklet to Reading Section 2. [Pause while students are opening their test booklets; make sure all students are on the correct page.]

**You may begin.** [Make sure students begin filling in their answers in the correct place on the answer sheet.]

2. Walk around the room from time to time to make sure students are filling in their answers appropriately. All students should be given at least 45 minutes to complete Section 2. If all students finish before 70 minutes have passed, go on to #3. However, if any students are still productively engaged in completing Section 2, allow them the full 70 minutes before continuing with #3.

3. **Say**

Please stop working.

Insert your answer sheet into your test booklet and close your test booklet.

4. Collect the test booklets and answer sheets. As you collect them, check each test booklet to make sure the student’s name is printed on the cover. Count the test booklets and answer sheets to confirm that all test materials are accounted for, and return them to the School Test Coordinator at the conclusion of each testing day.
Administering the Mathematics CRCT Retest

Mathematics—Section 1

Administration time: 45–70 minutes (plus 10 minutes for the break)

Materials needed:

- Student Test Booklets and Student Answer Sheets
  
  NOTE: For students who have not taken the Reading Retest, follow the directions on pages 10–12 to complete the student demographic information on the Student Answer Sheets prior to the start of the Mathematics test.

- Sharpened No. 2 pencils with erasers

- Two sheets of blank scratch paper per student

NOTE: Calculators are not allowed during any portion of this test.

1. Make sure that all desks are cleared.

2. Say I am going to give you your test booklet and answer sheet. When you receive them, check to make sure I have given you the correct test booklet and answer sheet and not another student’s. Do not open your test booklet or mark on your answer sheet until I tell you to. [Distribute Student Test Booklets and Student Answer Sheets.]

I am providing you with two clean sheets of scratch paper to use during the Mathematics Criterion-Referenced Competency Test. You can use the scratch paper to help you solve the math problems, but be sure to record all your answers on your answer sheet. [Distribute two sheets of blank scratch paper to each student.]

If you need more scratch paper during the test administration, please raise your hand. Now write your name in the upper right-hand corner of each sheet of scratch paper. I will collect the scratch paper at the end of testing, whether you use it or not. [Allow students time to write their names on the scratch paper.]

Set your test booklet to the side. [Pause.] I will now read some opening instructions to you.

The Mathematics Criterion-Referenced Competency Test will be administered in two sections. Both sections of the test are made up of multiple-choice questions. When answering the multiple-choice questions, select the best answer, and fill in the circle for the answer you have chosen. Do your best to answer each question.
3. Say
Open your test booklet to Mathematics. Read the General Instructions silently as I read them aloud.

Today you will be taking the Mathematics Criterion-Referenced Competency Test. The Mathematics test is made up of multiple-choice questions. A sample has been included. The sample will show you how to mark your answers.

There are several important things to remember.

• Read each question carefully and think about the answer.
• Answer all questions on your answer sheet, not in your test booklet. You may write in your test booklet, but only answers marked on your answer sheet will be scored.
• For each question, choose the one best answer, and fill in the circle in the space provided on your answer sheet.
• If you do not know the answer to a question, fill in your best choice. You may return to the question later if you have time.
• If you finish the section of the test that you are working on early, you may review your answers in that section only. You may not review any other section or go on to the next section of the test.

Are there any questions? [Answer any questions the students may have.]

Pick up your answer sheet and find Section 1 for the Mathematics test. This is where you will fill in your responses to the questions. [Pause.] Look at the sample question on the next page of your test booklet and follow along as we review the sample question.

The sample test question below is provided to show you what the questions in the test are like and how to mark your answer to each question. For each question, choose the one best answer, and fill in the circle in the space provided on your answer sheet for the answer you have chosen. Be sure to mark all of your answers to the questions on your answer sheet.

Complete the sample test question now.

4. Have students read and answer the sample question independently. Be sure they fill in the answer to the sample question in the appropriate place on their answer sheet. Ask students if they have any questions about the sample question, and answer any procedural questions.

Sample
13 boys and 14 girls are in Mr. Brown’s class. All of them went on a field trip. Which number sentence shows how many students went on the trip?

A. 14 + 13
B. 14 − 13
C. 27 − 14
D. 27 − 13

Sample Question for Grades 5 and 8

Georgia Department of Education
Copyright © 2011 • All rights reserved
Page 19 of 35
5. If you are administering the grade 5 CRCT Retest, skip ahead to #7. If you are administering the grade 8 CRCT Retest, continue with #6.

6. **Say**  
Look at the bottom of the page, under the heading “Formulas.” Below are formulas you may find useful as you work through the problems. However, some of the formulas may not be used. You may refer to this page as you take the test.

7. **Say**  
You will have 70 minutes to answer the questions in Section 1 of the Mathematics test. Read each question carefully, and fill in your answer in the space provided on your answer sheet. Stop when you reach the stop sign after question 35 in your Student Test Booklet. This will match the line with the word “STOP” beside it on your Student Answer Sheet. If you finish this section before time is called, you may go back and check your work in this section only. You may not review any other section or look ahead to Section 2. Do you have any questions about what to do or where to fill in your answers? [Answer any procedural questions the students may have.]

Now turn the page to Mathematics, Section 1. You may begin.

8. Walk around the room from time to time to make sure students are filling in their answers appropriately. All students should be given at least 45 minutes to complete Section 1. If all students finish before 70 minutes have passed, go on to #9. However, if any students are still productively engaged in completing Section 1, allow them the full 70 minutes before continuing with #9.

9. **Say**  
Please stop working.

Insert your answer sheet and scratch paper into your test booklet and close your test booklet. You may now take a break. You may stand and stretch for 10 minutes. Your test booklet should remain closed on your desk. Please do not talk.

10. At this time, allow students to stand and stretch for 10 minutes. Make sure their answer sheets and scratch paper are inserted into their test booklets and their test booklets are closed. After no more than 10 minutes, continue with #11.

11. **Say**  
Please sit down again.

Keep your test booklet closed, and wait quietly as we get ready to move on to the next section.
Mathematics—Section 2

Administration time: 45–70 minutes

1. **Say** Now you will take Section 2 of the Mathematics Criterion-Referenced Competency Test. You will have 70 minutes to answer the questions in Section 2. Stop when you reach the stop sign after question 70 in your Student Test Booklet. This will match the line with the word “STOP” beside it on your Student Answer Sheet. If you finish this section before time is called, you may go back and check your work in this section only. You may not review any other section or look back to Section 1. When you are finished, insert your answer sheet and scratch paper into your test booklet, close your test booklet, and sit quietly or read a book.

Now take out your answer sheet and find Section 2 for the Mathematics test. Open your test booklet to Mathematics Section 2, question 36.

[Pause while students are opening their test booklets; make sure all students are on the correct page.]

2. If you are administering the grade 5 CRCT Retest, skip ahead to #4. If you are administering the grade 8 CRCT Retest, continue with #3.

3. **Say** When you find Section 2 in your test booklet, go to the previous page and look under the heading “Formulas.” Below are formulas you may find useful as you work through the problems. However, some of the formulas may not be used. You may refer to this page as you take the test.

4. **Say** You may begin. [Make sure students begin filling in their answers in the correct place on the answer sheet.]

5. Walk around the room from time to time to make sure students are filling in their answers appropriately. All students should be given at least 45 minutes to complete Section 2. If all students finish before 70 minutes have passed, go on to #6. However, if any students are still productively engaged in completing Section 2, allow them the full 70 minutes before continuing with #6.
6. **Say** Please stop working. Insert your answer sheet and scratch paper into your test booklet and close your test booklet.

7. Collect the test booklets and answer sheets and the two sheets (minimum) of scratch paper. As you collect them, check each test booklet to make sure the student’s name is printed on the cover. Count the test booklets and answer sheets to confirm that all test materials are accounted for, and return them to the School Test Coordinator at the conclusion of each testing day.
AFTER TESTING

This section describes what a Test Examiner should do after testing in all content areas is complete. Read this information carefully and follow all directions. If you have questions, contact your School Test Coordinator.

ENCODING STUDENT INFORMATION

Federal and state regulations require accurate coding of student demographic information. Follow these steps to verify the coding of this information:

1. Verify that Sections 1 through 8 have been completed with the correct information and the appropriate circles have been filled in for each section.

   Test Examiners must ensure that each student’s Student Answer Sheet is correctly identified with both his or her nine-digit state FTE Student ID number and his or her ten-digit GTID number. No other student identification numbers may be used.

2. Use the following directions to complete the “FOR TEACHER USE ONLY” section on the inside front cover of the Student Answer Sheet. Fill in the appropriate circles in Sections 10 through 15 as applicable for each student.

   After you have completed the “FOR TEACHER USE ONLY” section for applicable students, you will need to check each Student Answer Sheet to make sure that it is free of any stray marks. ONLY answers filled in properly (with a No. 2 pencil) will be scored and reported. Return the Student Answer Sheets to the School Test Coordinator. Make sure materials are stacked in the order prescribed in this manual (see page 30).

COMPLETING SECTIONS 10–15: “FOR TEACHER USE ONLY”

It is imperative that information be filled in correctly for each student taking the CRCTs. Federal and state regulations require complete and accurate coding of student information for reporting purposes. Sections 10 through 15 should be left blank if they are not applicable to the student.

Section 10: SRC

The information provided below will help you assign the correct State-Required Codes (SRCs) for students who receive special education services:

- If the student receives special education services, fill in the appropriate circle(s) next to the student’s classification(s). Please refer to the student’s Individualized Education Plan (IEP) for the appropriate classification(s).

   NOTE: For the student’s primary classification, only one circle should be filled in for SRCs 1–12, 14, or 15 (grades K–5 only). Additional circles for SRCs 13 and 16–19 may be filled in as applicable. SRCs are listed in the following table:
**SRCs**

<table>
<thead>
<tr>
<th>SRC</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>01</td>
<td>Visual Impairments</td>
</tr>
<tr>
<td>02</td>
<td>Deaf/Hard of Hearing</td>
</tr>
<tr>
<td>03</td>
<td>Deaf and Blind</td>
</tr>
<tr>
<td>04</td>
<td>Specific Learning Disabilities</td>
</tr>
<tr>
<td>05</td>
<td>Mild Intellectual Disabilities</td>
</tr>
<tr>
<td>06</td>
<td>Traumatic Brain Injury</td>
</tr>
<tr>
<td>07</td>
<td>Moderate/Severe/Profound Intellectual Disabilities</td>
</tr>
<tr>

<tr>
<td>12</td>
<td>Other Health Impairments</td>
</tr>
<tr>
<td>13</td>
<td>English Language Learner (ELL)</td>
</tr>
<tr>
<td>14</td>
<td>Section 504</td>
</tr>
<tr>
<td>15</td>
<td>Significant Development Delay (K–5 only)</td>
</tr>
<tr>
<td>16</td>
<td>Title I Reading</td>
</tr>
<tr>
<td>17</td>
<td>Title I Math</td>
</tr>
<tr>
<td>18</td>
<td>Migrant Certified</td>
</tr>
<tr>
<td>19</td>
<td>English Language Learner—Monitored</td>
</tr>
</tbody>
</table>

- If a Georgia Migrant Education Agency has identified the student as Migrant Certified, fill in the appropriate circle (18). The four regional Georgia Migrant Education Agencies have provided each system with a listing of students who are Migrant Certified. Only certified students should be coded.
- If the student is classified under Section 504, fill in the appropriate circle (14). A student is eligible to be coded as Section 504 if he or she has a current Individual Accommodation Plan (IAP) on file.
- If the student is identified as an English Language Learner (ELL) according to Board of Education Rule 160-4-5-.02, fill in the appropriate circle (13). A student is eligible to be coded as ELL if the student’s native language is not English and he or she is eligible for English to Speakers of Other Languages (ESOL) services in accordance with Rule 160-4-5-.02, regardless of whether or not the student receives ESOL services. Students who are not eligible for ESOL services (as specified in Rule 160-4-5-.02) may not be coded as ELL. Fill in circle (19) for those students who have exited the ESOL program but who are still being monitored.

**Accommodations (requires at least one SRC)**

If the student was given a test administration accommodation based on his or her Individualized Education Plan (IEP), Individual Accommodation Plan (IAP), or English Language Learner/Testing Participation Committee (ELL/TPC) Plan, fill in the appropriate circle in the Accommodations section. A current IEP, IAP, or ELL/TPC Plan must be on file for each student who receives an accommodation. Only state-approved accommodations may be used, following the guidance issued by GaDOE. If an accommodation is included in a student’s plan that is not on the approved list, it must be reported as an irregularity. Students who are served by Student Support Teams (SSTs) but do not qualify for services under IDEA or Section 504 status may not be granted accommodations. **Failure to provide appropriate accommodations or providing accommodations to students who are not eligible is a direct violation of state regulations and must be reported.**
Accommodation Type
If the student was given a test administration accommodation based on his or her IEP, IAP, or ELL/TPC Plan, fill in the appropriate circle(s) under Accommodation Type to identify it as a Setting, Presentation, Response, or Scheduling accommodation.

Conditional Administration
Conditional administrations result from the use of conditional accommodations. Conditional accommodations are more expansive than standard accommodations, and are intended to provide access to students with more severe disabilities or very limited English proficiency who would not be able to access the tests without such assistance. Only students meeting strict criteria (outlined in the 2010–2011 Student Assessment Handbook) are eligible for conditional accommodations. Any use of conditional accommodations must be coded. Per State Board rule, only a small number of students should participate in conditional administrations. ELL-M students are NOT eligible for conditional accommodations.

Definitions of Setting, Presentation, Response, and Scheduling accommodations (both standard and conditional) are provided on pages 32 and 33 of this manual.

Section 11: First Year ELL Deferred
ELL students enrolled for the first time in a school in the United States may receive a one-time deferment from assessments in content areas other than mathematics and science. If the student was deferred from the Reading CRCT Retest, fill in the appropriate circle in this section.

Section 12: PTNA
If the student was present for the test administration but did not attempt any items in either Reading or Mathematics (or both), this must be coded in the appropriate circle under “PTNA.”

Section 13: BRAILLE/LARGE-PRINT
If the student was tested with a Braille or Large-Print version of the CRCT Retests, this must be coded in the appropriate circle under “BRAILLE/LARGE-PRINT.”

Section 14: EIP SERVED
If the student has received services from the state’s Early Intervention Program (EIP) at any time during the current school year, this must be coded in the circle under “EIP SERVED” (relevant to grades 3 and 5 only).
Section 15: LOCAL OPTIONAL CODING

Systems may choose to use this section to code special program students to gauge their performance on the CRCT Retests. System Test Coordinators will designate a code to be filled in for this section; fill in the code number starting with the first box on the left. **Note that systems will not receive any special reports based on this coding.** The coding will generate information on each system’s data file for the system to extract and disaggregate based on their requirements.

**Completing Sections 16 and 17: “STATE-DIRECTED USE ONLY”**

Sections 16 and 17 should generally be filled in by the School Test Coordinator only. Directions for filling in these sections are as follows.

**Section 16: GNETS**

This section should be used by Georgia Network for Educational and Therapeutic Support (GNETS) programs to report their assigned facilities code. The two-digit code should be filled in under Section 16 for all students who are served at a GNETS facility. This information is being collected in order to provide reports to each center.

A list of all GNETS facility codes is provided on page 34 of this manual.

**Section 17: IR/IV/PIV**

School Test Coordinators should complete this section **only as directed by GaDOE.** The procedure for reporting testing irregularities to Assessment and Accountability is described in the *Retest School and System Test Coordinator’s Manual.* If GaDOE determines that an Irregularity (IR), Invalidation (IV), or Participation Invalidation (PIV) has occurred and should be coded in Section 17, the GaDOE Program Manager will provide the proper codes and instructions for completing this section.

For each affected content area, fill in **only one** bubble on the top line: IR, IV, or PIV. Then, write in the five-digit code number provided by GaDOE and fill in the corresponding circles.
COMPLETING THE GROUP INFORMATION SHEET

The Test Examiner should complete a Group Information Sheet for each home school represented in the testing group.
It is critical to the reporting process that the Group Information Sheet be coded properly and that it remain with the used Student Answer Sheets it represents. If a blank Group Information Sheet is used, it must be filled out in the same way as the precoded Group Information Sheet. Test Examiners should use a No. 2 pencil. **If any precoded information is incorrect on a Group Information Sheet, do NOT use the incorrect form.** Instead, the System Test Coordinator should contact the CTB GA CRCT support team toll-free at (866) 282-2249 to order a replacement. Directions for completing the Group Information Sheet are as follows.

**TEACHER NAME**

Instead of the Test Examiner’s name, print either **GRADE THREE, GRADE FIVE, or GRADE EIGHT** for each home school and fill in the corresponding circles. There should be only one Group Information Sheet per grade for each home school.

**SCHOOL NAME**

Verify that the school name has been precoded.

**Number Students Testing**

Print the number of Student Answer Sheets to be scored. This includes the transcribed Student Answer Sheets from the Braille and/or Large-Print versions of the test. The count number should be right-justified. For example, if your Retest testing group contains 25 students, starting in the first box on the left you will fill in “zero,” “two,” and “five.” Complete this section by filling in the corresponding circles under the numbers that you have printed.

**NOTE:** Unused Student Answer Sheets containing completed demographic information (for students who were not administered any part of the test) must be marked “VOID” and returned with the nonscorable materials. Do not include VOID Student Answer Sheets in the Group Information Sheet count.

**GRADE**

Fill in the appropriate circle.

**SPECIAL CODES**

For CTB use only.

**ORG-TP (CTB USE)**

For CTB use only.

**STRUC/ELEMENT # (CTB USE)**

For CTB use only.
RETURNING MATERIALS TO THE SCHOOL TEST COORDINATOR

The Test Examiner must return all used and unused Student Answer Sheets, Student Test Booklets, scratch paper, the completed Group Information Sheet, and the Retest Test Examiner’s Manual to the School Test Coordinator.

For soiled documents, Test Examiners must transcribe answers and student demographic information onto a new Student Answer Sheet following GaDOE procedure, and then submit the transcribed Student Answer Sheet with the scorable materials.

NOTE: Once the transcription is complete, the School Test Coordinator should mark the soiled document on the School Security Checklist as “SOILED and VOID,” and then destroy the soiled document. Soiled documents should NOT be shipped back with scorable or nonscorable materials.

It is imperative that materials be organized and returned to the School Test Coordinator in the following order (top to bottom):

<table>
<thead>
<tr>
<th>Top of Stack</th>
</tr>
</thead>
<tbody>
<tr>
<td>Completed Group Information Sheet</td>
</tr>
<tr>
<td>Used Student Answer Sheets</td>
</tr>
<tr>
<td>Scratch paper for Mathematics Retest</td>
</tr>
<tr>
<td>All Student Test Booklets (including Braille, Large-Print, and VOID Student Test Booklets, but not including SOILED Student Test Booklets)</td>
</tr>
<tr>
<td>All unused and VOID Student Answer Sheets (but not SOILED Student Answer Sheets)</td>
</tr>
<tr>
<td>Retest Test Examiner’s Manual</td>
</tr>
</tbody>
</table>

| Bottom of Stack                           |

NOTE: The Group Information Sheet must be completed in its entirety. It is critical that it be placed on top of the used Student Answer Sheets it represents.

Reminder

All CRCT items and responses to those items are secure material and may not be copied, duplicated, or retained in the school after testing is completed.

THANK YOU VERY MUCH FOR YOUR ASSISTANCE WITH THE ADMINISTRATION OF THE CRCT RETESTS.

CHECKLIST FOR TEST EXAMINERS

**BEFORE TESTING:**

- Assist the School Test Coordinator to notify students and parents about the testing program.
- Read all directions for test administration in this *Retest Test Examiner’s Manual*.
- Meet with the School Test Coordinator to review the testing schedule and procedures.
- Secure No. 2 pencils and scratch paper (two sheets per student for the Mathematics test).
- Secure needed information from the School Test Coordinator to correctly complete State-Required Codes (SRCs) for each student.
- Inventory test materials received from School Test Coordinator, and sign out all secure materials on the School Security Checklist.
- Arrange for an additional proctor, if necessary.
- Prepare the classroom (remove or cover posters, etc.).
- Remind students to bring something to read.
- Ensure that the student demographic information in Sections 1 through 8 is filled in on the *Student Answer Sheets*.
- Write the teacher, school, and system names on the board.

**DURING TESTING:**

- Post a “Testing—Do Not Disturb” sign on your classroom door.
- Be sure that all students have a comfortable and adequate workspace.
- Monitor students’ handling of *Student Test Booklets* and *Student Answer Sheets* to keep the materials in good condition.
- Circulate and monitor all students during the testing session.

**AFTER TESTING:**

- Verify that you have collected and counted a *Student Test Booklet* and a *Student Answer Sheet* (and at least two sheets of scratch paper for the Mathematics test) for every student in your classroom.
- Check to see that the *Student Answer Sheets* are properly filled in and are in good condition.
- Complete the “FOR TEACHER USE ONLY” section on the *Student Answer Sheets*, as applicable. Verify that the student demographic and school-identifying information have been completed.
- Count and return all test materials to the School Test Coordinator at the conclusion of every test day. Date the School Security Checklist each day.
- On the final day of testing, assemble all the test materials as directed in this manual and return them to the School Test Coordinator.
- Notify the School Test Coordinator of any students who did not take any part of the Retest.
