CRCT Content Descriptions
based on the Georgia Performance Standards

English/Language Arts
Grades 1 - 8

Criterion-Referenced Competency Tests (CRCT)  
Content Descriptions  
English/Language Arts

Georgia law requires the development and administration of the CRCT in the content areas of Reading, English/Language Arts, Mathematics, Science, and Social Studies. Each spring students in grades 1 through 8 take the Reading, English/Language Arts, and Mathematics CRCT, while students in grades 3 through 8 also take the Science and Social Studies CRCT. These tests are designed to measure student achievement of the Georgia Performance Standards (GPS).

Program Purpose
The CRCT is designed to measure student acquisition and understanding of the knowledge, concepts, and skills set forth in the GPS. The testing program serves as a measure of the quality of education in the state. Reports yielding information on academic achievement at the student, class, school, system, and state levels are produced annually.

Mandated Grades for English/Language Arts
Grades 1 through 8 are mandated to participate in the English/Language Arts CRCT each spring.

CRCT Content Descriptions
The CRCT Content Descriptions are provided to acquaint Georgia educators with the content coverage of the CRCT. Only the knowledge, concepts, and skills reflected in the GPS will be assessed on the CRCT. Committees of Georgia educators reviewed the curriculum and provided guidance for the assessment program.

It is important to note that some curricular standards are better suited for classroom or individual assessment rather than large-scale, paper-pencil assessment. While those curricular standards designed for classroom/individual assessment are not included in the Content Descriptions, the knowledge, concepts, and skills outlined are often required for the mastery of the standards that are assessed. Therefore, the CRCT Content Descriptions are in no way intended to substitute for the GPS; they are provided to help educators better understand how the curriculum will be assessed. Further, the CRCT Content Descriptions, by no means, suggest when concepts and skills should be introduced in the instructional sequence; rather, its purpose is to communicate when concepts and skills will be assessed on the CRCT. Georgia law requires educators to teach the standards set forth in the state-adopted curriculum (i.e., the GPS). The GPS is located at http://www.georgiastandards.org.
English/Language Arts Content Domains
To provide reliable measures as well as structure to the assessment program, the curricular standards provided in the GPS were grouped into content domains. Each domain is comprised of standards with similar content characteristics. The domains for English/Language Arts are:

Grade 1
Grammar/Phonological Awareness/Phonics
Sentence Construction
Research

Grade 2
Grammar/Phonics
Sentence Construction
Research

Grades 3–8
Grammar/Sentence Construction
Research/Writing Process

Using the English/Language Arts CRCT Content Descriptions
The English/Language Arts CRCT Content Descriptions provide information about the content and skills assessed by the CRCT. The documents are organized by grade and content domain. The curriculum standards assessed in each domain are provided as are the related concepts, skills, and abilities assessed. It is important to note the differences between the GPS and the former curriculum. The GPS is a conceptual curriculum, requiring instruction be integrated; the concepts, knowledge, skills, and abilities described in this document should not be viewed as discrete or taught in isolation. Deep understanding by students, resulting in higher achievement, is best achieved when the full curriculum is taught in an integrated, conceptual fashion.
Domain Description
Grammar/Phonological Awareness/Phonics refers to students’ achievement in using, identifying, and manipulating words as they relate to the formation of sentences and to the conventions of standard English.

Standards Associated with Domain
ELA1R2 ELA1W1

Associated Concepts, Skills, and Abilities
• Apply knowledge of phonological awareness by manipulating words and sounds, such as:
  o isolating beginning, middle, and ending sounds in single-syllable words
  o identifying onsets and rhymes in spoken one-syllable words
  o adding, deleting, or substituting target sounds to change words
  o distinguishing between long and short vowel sounds in spoken, one-syllable words
• Determine correct usage of parts of speech in sentences, such as:
  o nouns (singular and plural)
  o pronouns (personal and singular possessive)
• Determine correct spelling of grade-level words in the context of a sentence. Words will be based on the common rules of spelling, such as:
  o silent e
  o inflectional ending
  o r-controlled vowels
  o blends
  o consonant-vowel
  o consonant-vowel-consonant
  o consonant-vowel-vowel-consonant
  o diphthongs
  o digraphs
  o vowel digraphs
• Determine appropriate end punctuation, such as:
  o period
  o question mark
• Apply knowledge of appropriate capitalization, such as:
  o initial words
  o personal pronoun I
  o common proper nouns, such as:
    • days of the week
    • months
    • cities
    • states
  o titles (Mr., Ms.)
  o friendly letter parts
    • countries
    • streets
    • proper names
• Determine appropriate use of a comma in a series of items
